

West Park

'A caring school where we put pupils and their achievement first'

JOB DESCRIPTION

Job Title: Mathematics Teacher Degree Apprenticeship

Reports to: Head of Maths

Salary: Unqualified Teacher Scale

Key Responsibilities

- Work with staff members from across the school, in a range of roles, to become a developing practitioner with a broad knowledge base of the impact those roles have on pupil development and relationships with the wider community.
- Plan and prepare well-structured, clearly presented sessions appropriate to the abilities of all students and the syllabus being taught, in line with the requirements of the current phase of the Teacher Degree Apprenticeship
- Make sure that the classroom is a stimulating environment that facilitates learning
- Generate enthusiasm for the subject being taught and work creatively to inspire all students to work to their potential
- Liaise with the Head of Department, mentors and relevant staff members, including where a student may have special educational needs and if a student is experiencing pastoral difficulties
- Promote high standards of behaviour by encouraging a positive, proactive approach to studying and build productive relationships with students
- Where appropriate, set homework that aligns to the student's ability and their wider workload, in accordance with School policy
- Assess student's work accurately and regularly, giving thoughtful and meaningful feedback.
- Promote high standards of organisation
- Improve, update and maintain materials and resources as needed
- Where appropriate, complete written assessments and reports according to guidelines and deadlines

Current Specific Responsibilities

To be discussed with the successful candidate.

Review of Duties

The key purpose, key responsibilities and specific responsibilities of the job are subject to review and may, after discussion with the post holder, be revised.

Qualifications and Training

- Meet the entry requirements of the Teacher Degree Apprenticeship including:
 - BCC at A level with a B in maths.
 - The following A levels are not accepted: citizenship skills, general studies, and critical thinking.
- Successfully pass the University of Nottingham interview process
